PREAMBLE

The present Reining Rules are the 4th edition, effective 1st of January 2012.

As from the aforementioned date, all other texts covering the same matter (other editions and all other official documents) issued previously are superseded.

Although this booklet sets out the detailed Rules of the FEI governing International Reining Events, it must be read in conjunction with the Statutes, the General Regulations ("GRs") and the Veterinary Regulations ("VRs") and any other FEI Rules and Regulations.

Every eventuality cannot be provided for in these Rules. As a result, this edition of the Rules is designed for flexibility to adapt to a developing Discipline by referring in appropriate circumstances to FEI Annex/Notes for Guidance information for suggestions and recommendations on how to safely manage this Discipline and its Events. Additionally, in any unforeseen or exceptional circumstances, it is the duty of the Ground Jury and any other FEI Official to make a decision in a sporting spirit and approaching as nearly as possible to the intention of these Rules and of the GRs and any other FEI Rules and Regulations.

For the sake of brevity these Rules use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Reining Rules, in the GRs or in the Statutes.

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality hay, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard,

disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. **Fitness to compete:**

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of horses:**

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. **Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

The score of Judge five will decide.

311.7. **No score.** The following will result in "no score", in addition to any other penalty, which may be imposed under the FEI GRs:

311.7.1 Abuse of Horse in show arena and/or evidence that an act of abuse has occurred prior to or during the exhibition of a Horse in Competition;

311.7.2. Use of illegal equipment, including wire on bits, or curb chains;

311.7.3. Use of illegal bits or curb chains;

311.7.4. Use of tack collars, tie downs or nose bands;

311.7.5. Use of whips or bats;

311.7.6. Use of any attachment, or any act, which alters the movement of or circulation to the tail;

311.7.7. Failure to dismount and/or present Horse and equipment to the appropriate Judge for inspection;

311.7.8. Disrespect or misconduct by the Athlete;

311.7.9. The Judge(s) may excuse a Horse at any time while in the arena for unsafe conditions or improper exhibition pertaining to either the Horse and/or Athlete.

311.8. **Reins.**

Closed reins are not allowed except as standard romal reins or when a bosal is used. A mecate is permitted. Excess rein may be straightened at any place that a Horse is allowed to

be completely stopped during a pattern. When using a romal, no fingers between the reins are allowed. The free hand may be used to hold the romal, provided it is held at least 40 centimeters from the reining hand and in a relaxed position. Use of the free hand while holding the romal, to alter the tension or length of the reins from the bridle to the reining hand, is considered to be use of two hands, and a score of 0 will be applied, with the exception of any place a Horse is allowed to be completely stopped during the pattern.

- 311.9. **0 score.** The following will result in a score of 0:
- 311.9.1. Use of more than index or first finger between reins;
 - 311.9.2. Use of two hands (except in 1*Competitions with the use of snaffle bit or bosal) or changing hands;
 - 311.9.3. Use of romal other than as outlined in Article 304 of the Rules;
 - 311.9.4. Failure to complete pattern as written;
 - 311.9.5. Performing the manoeuvres other than in specified order;
 - 311.9.6. The inclusion of manoeuvres not specified including but not limited to;
 - Backing more than two strides;
 - A turn of more than 90 degrees;
 - Exception. A complete stop in the first quarter of a circle after a canter departure is not to be considered an inclusion of manoeuvre; two points break of gait penalty would apply;
 - 311.9.7. Equipment failure that delays completion of pattern;
 - 311.9.8. Balking or refusal of command where performance is delayed;
 - 311.9.9. Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern;
 - 311.9.10. Jogging in excess of one-half circle or one-half the length of the arena while starting a circle, circling or exiting a rollback;
 - 311.9.11. Over spins of more than 1/4 turn;

- 311.9.12. Fall to the ground by Horse or Athlete. A Horse is deemed to have fallen when its shoulder and/or hip and/or underline touches the ground;
- 311.9.13 Dropping a rein that contacts the ground while the Horse is in motion.
- 311.10. Neither a "no score" nor a 0 is eligible to place in a go round or class, but a 0 (zero) may advance in a multigo Event while a "no score" may not.
- 311.11. The following will result in a penalty of five points:
- 311.11.1. Spurring in front of cinch;
 - 311.11.2. Use of either hand to instil fear or praise;
 - 311.11.3. Holding saddle with either hand;
 - 311.11.4. Blatant disobedience including kicking, biting, bucking, rearing and striking.
- 311.12. The following will result in a penalty of two points:

 - 311.12.2. Freezing up in spins or rollbacks;
 - 311.12.3. On walk in patterns, cantering prior to reaching the centre of the arena and/or failure to stop or walk before executing a canter departure;
 - 311.12.4. On run in patterns, failure to be in a canter prior to reaching the first marker;
 - 311.12.5. If a Horse does not completely pass the specified marker before initiating a stop position.
- 311.13. Starting or performing circles or eights out of lead will be judged as follows:
- 311.13.1. Each time a Horse is out of lead, a Judge is required to penalise by one point. The penalty for being out of lead is cumulative, and the Judge will add one penalty point for each 1/4 of the circumference of a circle or any part thereof that a Horse is out of lead.
 - 311.13.2. A Judge is required to penalise a Horse 1/2 of a point for a delayed change of lead by one

stride, where the lead change is required by the pattern description.

- 311.14. Deduct 1/2 point for starting circle at a jog or exiting rollbacks at a jog up to two strides. Jogging beyond two strides but less than 1/2 circle or 1/2 the length of the arena, deduct two points.
- 311.15. Deduct 1/2 point for over or under spinning up to 1/8 of a turn; deduct one point for over or under spinning up to 1/4 of a turn.
- 311.15. In patterns requiring a run-around, failure to be on the correct lead when rounding the end of the arena will be penalized as follows: For 1/2 the turn or less, one point; for more than 1/2 the turn, two points.
- 311.16. There will be a half-point penalty for failure to remain a minimum of 20 feet from wall or fence when approaching a stop and/or rollback.
- 311.17. The Ground Jury may not confer as to any penalty or manoeuvre score prior to submitting a score. If a major penalty (a penalty which results in a no score, a 0, or a five point penalty) is unclear, Ground Jury Members will submit his score and ask that the score be held, pending a conference and/or review of the official video at the next drag or as soon as practical. Should the Ground Jury determine via conference or official video replay that a penalty was incurred, it should be applied. If, however, no penalty occurred, the score will be announced as originally submitted. No Ground Jury Member shall be required to change his score following a conference or official video replay. Each Ground Jury Member's decision is an individual call and based on individual decision from a conference or official video replay.
- 311.18. The Ground Jury shall have the authority to disqualify any Athlete from an Event he is judging, should said Athlete show any disrespect or misconduct as to render himself or the Event in an unprofessional manner.
- 311.19. The Ground Jury shall be the sole persons responsible to determine if an Athlete has correctly completed the pattern as written.
- 311.20. The Ground Jury has the option of awarding a reride to any Athletes who, in the Ground Jury's opinion, are unable to complete a pattern for reasons that are out of the Athlete's control. In the instance where a reride is warranted in the Ground Jury's opinion, the President of the Ground Jury should advise the OC of such decision as soon as is possible.

- 311.21. Copies of the score sheets should be posted within one hour of class completion. Original Judges Score Sheets must be returned to the FEI office with the show results for Championships and Finals.

Article 312 PRE-CHECK AND/OR POST-CHECK.

- 312.1 Organising committees have the option of using a pre-check or a post-check or both. A pre-check system should not be used in a single judged Event. When a pre-check is used, it is strongly recommended that there be a designated area in close proximity to the pre-check Judge for the checked Horses to remain until they enter the arena. When a pre-check is used, the presence of blood or any other evidence that any act of abuse has occurred prior to the check will result in a no score. If illegal equipment is presented at the pre-check, the Athlete will not receive a no-score, if he is able to correct the problem without delaying the class. If a checked Horse leaves the field of vision of the pre-check Judge prior to showing, the pre-check Judge is to recheck the Horse before allowing it to enter the arena. In this system the first two Horses should be pre-checked eight-10 minutes before the class begins, with all remaining Horses checked when they are in-the-hole. It is suggested that the pre-check Judge, as soon as the first three Horses have been checked, develop the routine of checking each Horse as it becomes the in-the-hole Horse. This requires the Judge to keep track of only two Horses at any one time, the already examined on-deck and in-the hole Horses. In addition, this allows each Athlete time to regain composure and focus following the check, and it gives an Athlete time to correct an equipment problem should one occur. Before entering the arena each Horse will have a final walk around inspection. When a pre-check system is used, all officiating Judges, including the pre-check Judge, are compelled to call any acts of abuse to a Horse while in the arena. If the situation arises where a Chair Judge calls a no score, the Judge making the call should request that the Athlete present his Horse to the pre-check Judge for inspection. If a no score is called, the Athlete can accept or contest the call. If contested, the other Judge(s) shall be called as soon as is practical to examine.
- 312.2 At post-check, all Athletes must dismount and drop the bridle immediately after the performance. The bridle must be dropped by the Athlete or a designated representative. The bridle must be checked by the designated Judge in the arena or in close proximity to the arena. Failure to comply will result in a no score.

Article 313 VETERINARY INSPECTIONS AND EXAMINATIONS

The Veterinary Inspections and Examinations must be conducted in accordance with the VRs.

Article 314 ABUSE OF HORSES, MEDICATION CONTROL AND ANTI DOPING

The GRs, VRs, Equine Anti-Doping and Controlled Medication Regulations ("EADCMR") and Anti-Doping Rules for Human Athletes ("ADRHA") apply.

Article 315 PASSPORTS

The GRs and VRs apply.

Article 316 PATTERNS

- 316.1. The FEI approved patterns are to be worked as stated, not as drawn. The drawn pattern is just to give the general idea of what the pattern will look like in the arena.
- 316.2. Markers will be placed on the wall or fence of the arena as follows:
 - a. At the centre of the arena.
 - b. At least 50' (15 metres) from each end wall.
- 316.3. Where designated in the Pattern for stops to be beyond a marker, the Horse should begin his stop after he passes the specified marker.
- 316.4. Each Pattern is drawn so that the bottom of the page represents the end of the arena entered by Athletes and must be run as such. In the event that an arena has only one gate and it be in the exact middle of the side, that side shall represent the right side of the page the Pattern is drawn on.
- 316.5. All Horses will be judged immediately upon entering the arena and judging will cease after the last manoeuvre. Any fault incurred prior to the commencement of a pattern will be scored accordingly..
- 316.6. All Judges' decisions are final.
